

Supply Chain Graduate Job

As a Supply Chain graduate, you will play an essential role in internal coordination between production, finance, purchasing and customer service, to ensure the operation is able to meet customers' demands through efficient balance of materials and the finished goods supply chain.

You'll assist with the management of the Supply Chain team, improving its effectiveness by implementing relevant supply chain principles, and challenging current practices.

You will also have the opportunity to work on projects to ensure best practice Supply Chain roll out, while contributing to further site wide challenges and other initiatives that have impact on Supply Chain across the business.

Previous graduates in Supply Chain have progressed into Supply Chain Management, Operations Management and Purchasing Management.
