FROM 6 TO 12 MONTHS.

Date : 13/04/2016

**Job reference :** TR-2016-05-13258870

**Type of contract :** Internship

**Localisation :** Luxembourg 1432, BE

**Contract duration :** From 6 to 12 months

**Level of studies :** Bac +3

**Years of experience :**

**Company description :**

EUROCONTROL, the European Organisation for the Safety of Air Navigation, is an intergovernmental Organisation with 41 Member States, committed to building, together with its partners, a Single European Sky that will deliver the air traffic management performance required for the 21st century and beyond. We help our Member States to run safe, efficient and environmentally-friendly air traffic operations.

**Job description :**

The Institute of Air Navigation Service at EUROCONTROL provides training expertise as a transversal function to all Agency directorates and their stakeholders.

We are looking for trainees to provide assistance in multimedia work (Graphical design, web design, technical design), and development (web development - HTML Javascript) and/ or to support the development team for online courses and participate to a number of video productions, design and e-learning projects.

**Required profile :**

- Student in Multimedia Technology and Design or Web development with HMI design and Digital arts
- Good Knowledge of client side web design and standards (HTML, CSS, Javascript)
- Knowledge of filming and video production/editing and graphic designs
- Knowledge of server side development would be a plus
- Experience with Adobe Creative Cloud tools (Premiere, After Effects, Photoshop)
