**Company description :**

Planet Expat provides career-boosting paid internships in some of the most innovative and dynamic Start-ups in Latin America, Europe and the USA. We connect students with promising start-ups abroad through a program that allows them to gain valuable professional experience in international environments while being key contributors to innovative projects.

We are a Peruvian startup that developed a specific software to analyse and improve resumes.

Customers submit their CV to our state-of-the-art automated system, which provides instantaneous analysis and recommendations to enhance the application material. The analysis is based on 3 main criteria: clarity, order and impact. Our business model relies on a 'Freemium' package, accessible both in B2B B2C scenarios.

Selected by two exclusive startup accelerators, we have already validated our MVP with a Peruvian partner university and will officially launch our service in October, both in Chile and Peru.
