

Dear Candidate,

Thank you for your interest for collaboration with us.

All positions we offer are live-in positions. The family is responsible to offer the Au Pair a separate room as accomodation, all bills included. The Au Pair will not have to pay utilities. Au Pair will receive all meals.

We place long term au pairs - periods between 6-12 months - and also summer au pairs - up to 3 months(available only between June and September)

We place three types of au pair:

Basic Au Pair

A basic Au Pair is a person aged between 18 and 27 years old, with a low to intermediate level of English. They have childcare experience, mainly babysitting, with children aged 4-12+ years old. They can be drivers or non-drivers. In most of the cases, they experience the Au Pair Programme for the first time.

A basic Au Pair will work 25 hours per week. In exchange they will get accommodation and meals from host-family and pocket money will be at least £75 per week.

Au Pair Plus

The main differences between a basic Au Pair and an Au Pair plus are:

- they have experience with children over 2 years old, mainly babysitting.
- the level of English – from intermediate to good
- they might have experienced the Au Pair Programme before

- weekly working hours are 35
- minimum pocket money is £95 per week

Mother's help

A mother's help is a person aged over 23 years old, with an intermediate to excellent level of English. They can be drivers or non-drivers. They are experienced with all age groups of children and can be left in the sole charge of a baby.

They will work 40 to 45 hours per week and their minimum pocket money starts from £140 up.

As these positions involve more hours of work (and more payment), it is highly unlikely the candidates will be able to attend English classes. Hence, we recommend that the candidates applying for these positions should have a minimum Intermediate level of English.

A complete file should contain:

- Registration form
- Dear family letter
- Photo
- 2 references (at least one related to childcare of any type).
- Police check
- Medical certificate

Childcare Duties - these are examples, please consider them as such:

- help getting the children ready for nursery/school in the morning: get them dressed, help with toileting, prepare breakfast
- take them to/from nursery/school
- prepare and feed the children lunch
- take them in the park/activities etc.
- spend time with them: play games, supervise homework, keep them entertained
- help with bathing and putting the children to sleep

As basic au pairs and au pairs plus do not have extended childcare experience - it sometimes can be only babysitting experience - we do not recommend that they are left in the sole charge of young children for prolonged periods of time (for example all the 5/7 hours they work per day).

For children under 2 years old, we highly recommend mother's helps candidates, as they have more childcare experience and they are ready to undertake the responsibility of caring for babies/toddlers in sole charge.

List of housework duties accepted as “light housework”

- Washing dishes, including loading and unloading dishwasher
- Preparing simple meals for children
- Keeping kitchen clean & tidy, including sweeping & mopping the floors
- Loading and unloading laundry into washing machine
- Ironing for children
- Putting washed clothes away
- Vacuuming
- Dusting
- Making and changing children's beds
- Cleaning children's bathroom
- Everything to do with keeping their own room / bathroom clean and tidy
- Light shopping (not the household shopping)
- Walking and feeding pets
- Emptying bins

Please do not hesitate to contact .
